Conventions in these manuals

- **Numbered steps** for procedures. **"What you will see"** describes the expected result. **Tips** and **Troubleshooting** close each manual.

- Screen labels are in English, with the Vietnamese label in brackets where it helps. The console opens in Vietnamese by default (VI/EN toggle in the top bar).
- Dates are dd/mm/yyyy. Money is in VND.
- The no-discount rule applies everywhere: TND\$ premiums are regulated and identical at every insurer.
