

UX Documentation

TASCO Insurance × VETC Growth Platform — User Experience

iorta TechNXT

Version 1.0 · 07 October 2026

UX documentation for the TASCO Growth Platform **v1 UI**:

- **Staff console** at `/`: sign-in with MFA, permission-filtered navigation, contextual help.
- **Customer app** at `/app/`: cover status, confirm expiry, one-tap renewal with add-ons, VETC wallet payment, e-certificate with QR, benefits, consent centre, accident reporting, data download.
- **Public certificate check** at `/verify/<certNo>`.

Document	Contents
design-system.md	Principles (consumer-grade, trust-first, low-click, mobile-first), brand (TASCO navy and teal, iorta TechNXT credit), design tokens with light and dark values, components, content style guide (Vietnamese-first, no discount wording), iconography
ux-standards-and-accessibility.md	WCAG 2.2 AA requirements and how each is applied, keyboard map, landmarks and live regions, breakpoints, performance budgets, i18n/l10n (vi/en, VND, dd/mm/yyyy), personalisation, contextual help and guided actions, error message patterns
journey-maps-and-information-architecture.md	Sitemaps for the staff console and customer app, page inventory with permissions, navigation by role, task flows with click counts, customer and staff journey maps
usability-testing-plan.md	Research questions, methods, recruitment in Hà Nội and TP.HCM, task scripts, metrics and targets (SUS, task success, time on task), iteration loop
