Version 1.0 · 07 October 2026

Document	Version	Date	Owner	Status
UX Documentation Index	1.0	07 October 2026	iorta TechNXT — UX Lead	Issued for submission

UX documentation for the TASCO Growth Platform **v1 UI**:

- **Staff console** at `/`: split-screen sign-in with MFA self-enrolment (no role shortcuts), permission-filtered navigation, contextual help.
- **Customer app** at `/app/`: cover status, quotes waiting for confirmation, confirm expiry, renewal in ≤ 3 taps with add-ons, VETC wallet payment, e-certificate with QR, benefits, consent centre, accident reporting, data download.
- **Public certificate check** at `/verify/<certNo>`.

Document	Contents
Design System	Principles (consumer-grade, trust-first, low-click, mobile-first), brand (TASCO navy #213368 and teal #70CAC8, iorta TechNXT credit), design tokens with light and dark values, components including the sign-in screen, content style guide (Vietnamese-first, no discount wording), iconography
UX Standards and Accessibility	WCAG 2.2 AA requirements and how each is applied, keyboard map, landmarks and live regions, breakpoints, performance budgets, i18n/l10n (vi/en, VND, dd/mm/yyyy), personalisation, contextual help and guided actions, error message patterns
Journey Maps and Information Architecture	Sitemaps for the staff console and customer app, page inventory with permissions, navigation by role, task flows with click counts, customer and staff journey maps
Usability Testing Plan	Research questions, methods, recruitment in Hà Nội and TP.HCM, task scripts, metrics and targets (SUS, task success, time on task), iteration loop
